

Wireless Air Card Instructions

- Locate and power on the Verizon Wireless Mobile Hotspot Device. It is in the small black zipper bag along with the cell phone. The small black zipper bag is in the black rolling bag in an unsealed side pocket.
- Plug the power cord into the Mobile Hotspot Device and then plug the device into the surge protector.
- Turn the Mobile Hotspot Device on by pressing the black power button on the side of the air card for 2-5 seconds.
- The LED display will change and the device will begin to power on.
- NOTE: This device does not physically connect to the pollbook. The device is used as a wireless connection to the internet for your pollbook.

When a voter arrives at a polling location, the voter will be asked to present one of the seven (7) acceptable forms of photo ID.

- Texas driver license issued by the Texas Department of Public Safety (DPS)
- Texas Election Identification Certificate issued by DPS
- Texas personal identification card issued by DPS
- Texas concealed handgun license issued by DPS
- United States military identification card containing the person's photograph
- United States citizenship certificate containing the person's photograph
- United States passport

There are multiple ways to search for a voter with our software:

1. Scan a Driver's License barcode
2. Scan the Voter ID card barcode
3. Manual Search

To search by Scanning a Driver's License or Voter ID Card barcode , place the driver's license face down in the license holder, as shown in the example below.

Election officials are now required by State law to determine whether the voter's name on the identification provided matches the name on the list of registered voters (The EA Tablet). If the name on the ID matches the name on the list of registered voters, the voter will follow the regular procedures for voting.

Verify the voter's information and then tap **Capture Signature**.

Please verify the address of the voter
